Board of Directors

Description: Zumbro Valley Mental Health Center, a private, non-profit organization serving Olmsted, Fillmore and surrounding counties, is seeking three new members to serve three-year terms on its board of directors. Board members provide strategic direction for the organization and work with leadership team members to deal with the short- and long-term issues important to Zumbro Valley Mental Health Center's future. The board serves on a voluntary basis, holding the privilege of trusteeship for the organization.

As a community mental health center, our organization works to improve the behavioral health of adults, adolescents and children regardless of their ability to pay. Last year alone, we provided services to more than 5,000 people, most of whom cannot afford to pay the full price of treatment since they live near or below the poverty level. In this capacity, Zumbro Valley Mental Health Center serves a critical role in the public safety net for our region.

Anyone is welcome to apply; however, the organization is particularly interested in people skilled in the following:

- Behavioral health services
- Finance
- Medical services
- Fundraising/development
- Business

To learn more about Zumbro Valley Mental Health Center or to complete an application, visit our website at www.zumbromhc.org. Applications must be received by November 30, 2010. Decisions on board appointments will be completed by December 31, 2010.

Location: Zumbro Valley Mental Health Center
343 Wood Lake Drive SE
Rochester, MN 55904
